Re: * WARNING * WARNING * Fraudulent Email Alert

The Commission has learned that someone has sent a fraudulent emails and invoice to some of our certified mediators. Please be assured that the Commission's server has not been hacked and all mediator credit card information is safe. Commission staff notified AOC security of the matter.

The Commission DOES NOT send invoices via email. Invoices can only be obtain once the mediator has completed their renewal application.

AOC Security advises that you **NOT open or click on the link**, simply delete the email.

Thank you.
